

# Miracles

Your Words quiet the noise of destruction.

Your grace heals our unforgiveness.

With a breath you bring stillness in the storm.

You drown out legions of spirits that chains could not hold.

Your power transcends any distance.

You straighten and restore what is withered and unusable.

Your Word cleanses our body of disease.

You climbed into my boat when I was afraid.

There is no scarcity at your table.

Death could not hold you.

Hallelujah!

Limitless is your power in all the earth.

I will extol the LORD with all my heart.

To Him belongs eternal praise.
